- Fungsi Prediksi Gen:
  Sulfotransferase enzymes catalyze the sulfate conjugation of many hormones, neurotransmitters, drugs, and xenobiotic compounds. These cytosolic enzymes are different in their tissue distributions and substrate specificities. The gene structure (number and length of exons) is similar among family members. However, the total genomic length of this gene is greater than that of other SULT1 genes. [provided by RefSeq, Jul 2008]
- deskripsi dari gen tersebut secara fungsional:
  - Metabolisme Hormon
  - Detoksifikasi Senyawa Asing
  - Meningkatkan Kelarutan dan Ekskresi
- tentukan gen yang dari spesies lain yang memiliki fungsi yang sama dengan gen tersebut (Gen ID):
  - Organism: Mus musculus (house mouse)
    - Symbol: Sult1b1
    - Gene ID: 56362
  - Organism: Bos taurus (domestic cattle)
    - Symbol: SULT1B1
    - Gene ID: 521920
  - Organism: Macaca mulatta (Rhesus monkey)
    - Symbol: SULT1B1
    - Gene ID: 708638
